

The SchoolNetwork Logo

Think of the logo as your "Home" button. Regardless of what screen you are viewing, click the logo to load your DASHBOARD (shown on the next page).

The Filters Menu

You can set filters for your searches here. (See Fig. 2 below)

The Reset Button

Clicking reset will clear any filters you have set, and run a new search of the database, reverse sorted by the most recently modified/added opportunities..

The User Options Menu

Click here to access your email alerts, and to set your default search. (See Fig. 3 and 4 below)

Fig. 1 SchoolNetwork DASHBOARD

Recently Modified

Showing 1500 bonds out of 12344 sorting by Modified

District	State	Vote Date	Modified	Size	Amount
Charleston 01	SC	Nov 03, 2020	Sep 04, 2020	46,790	\$708,000,000

Lago Vista Isd	TX	Nov 03, 2020	Sep 03, 2020	1,366	\$3,450,000

Fig. 2 Setting Filters

You can filter for things you want included in your search (and therefore exclude things that don't match your filters.) Then click "Search" in the lower right hand corner of the filters dialog to run a filtered search.

Status: SchoolBondFinder tracks all improvement opportunities through four status categories, from "We are just watching this" through "Proposed for vote, Passed, or Failed."

Search: This field searches the text descriptions for each opportunity. Place an "OR" in between terms if you are looking for either/or a specific terms or terms.

State: Choose one or more states if you do not want to search all 50. Choosing one state allows you to choose one or more counties within a state.

District: You can search for the history of a specific district in our system.

Maturity Start and End: Financial Service companies may want to know when a district is about to pay off previous bonds . . . and perhaps issue more.

Start Date / End Date for voting: Look for opportunities that are being (or have already been) voted on between set dates.

Min Students / Max Students: Look for districts of a certain size.

Max Bonds: How many results do you want to see at one time? By default, this number is 1500, but you can set it lower or higher. Lower numbers result in faster searches. High numbers give more results, but may take longer.

Categories: Our researchers read through information available for opportunities, and manually assign categories from which you may filter.

Include Historical: This checkbox lets you include Information provided by arrangement with Yale University, dating from 1960-2014. It is provided "as is" as part of a data set provided for historical purposes only. It does not represent the entirety of school capital expenditure during those years, nor the efforts of the SchoolBondFinder/SchoolNetwork research team.

Fig. 3 Managing Alerts and your Default Search

Clicking "Create Alert" will allow you to set an email alert to link to any changes to the results for a specific search. You may choose the frequency for which you want to receive the emails.

Choosing "Alerts" from the User Options menu will bring up a list of all alerts you have set. From here, you may delete an alert (using the "x" in the upper right hand corner of any box), or re-run an alert search (by clicking on the blue links).

You may also set any one alert as your personal "default" search by clicking on the "star" icon next to an alert. Every time you log in, you will see this search as your first list of results. Click on the star again to turn it off, or select another other to be your default.

NOTE: You may have to logout/login to see the change.

Fig. 4

Check the star to the left of any of your alerts to make it the "default search results" you see when you login.

The SchoolNetwork Logo

Think of the logo as your "Home" button. Regardless of what screen you are viewing, click the logo to load this DASHBOARD page.

Your Dashboard News Feed

Depending on the settings you choose under the "Customize" button, you will see links to your latest Alerts, Bond additions and updates, RFP additions and updates, etc.

Your Help Center

Jump to our help center for videos, documents, a help submission form, and others ways to contact us for support.

Customize

Set your preferred "Home" screen, and the items you would like to see in your dashboard news feed. When you log in, you can be taken directly to the Bonds view, for instance, or come to this dashboard page instead.

Search for Bonds

Clicking here will take you back to the main Bonds search page (where you can see all of the capital improvement opportunities we are tracking or have ever tracked).
SEE PREVIOUS PAGE

The screenshot shows the SchoolNetwork Dashboard for user johnsmith@schoolbondfinder.info. The interface includes a left sidebar with navigation options: Explore!, Bonds (School capital funding efforts), Solution Providers (Ratings and reviews), RFPs (View/Share school RFPs), File Sharing (Improvement project docs), and Districts (All public K12 school districts). The main content area features an Alerts section with a list of notifications (Daily and Monthly) for Florida, National, and TX RFPs. Below this is a 'Bond, a minute ago' section for TBD, 2027 in Coshocton-County, Ohio, detailing a new elementary school construction. The next section is 'Bond, 5 minutes ago' for TBD, 2022 in Campbell-County, West Virginia, detailing school renovations. The final section is 'RFP, 2 months ago' for a project in Palm Beach, FL. On the right side, there is a Help Center link and a '2022 Bond Pass/Fail Rates as of Mar 29, 2022' section with a pie chart showing 63% passed (1,020), 21.7% proposed (351), and 15.1% failed (35).
